DOLMEN COLLECTION | DB2 Coffee Table

The DB2 coffee table is the result of our research to create harmony, a dialogue with the meridian of the same collection. Unlike the coffee table DB1, this one has straight and simple lines, revealing the elegance of detail.

This coffee table is composed of a marble plate of 90 x 60 cm, based on 4 legs ebony. Everything was done in collaboration with a carpenter, mason and metalworker. Polished natural marble plate, which comes from Spain, is placed on a metal frame that supports it. Opposite to the marble color, this visual line reveals an impression of elevation of the tray.

Materials :

Marble : Nero Marquina from Spain, thickness 20 mm

Wood : Solid ebony from Mozambique

Metal : Brushed stainless steel

Dimensions : W 90 x D 60 x H 36 cm
