## DOLMEN COLLECTION | DC10 Orange Chair

The DC10 chair is the result of our research, it was created as a support to the Dolmen table.

The intention was to dismantle the concept of shell, in order to achieve a minimalist and living chair black, a reminder of the marble table top. The matt orange lacquered steel chair back, is magnified by a base four feet in ebony, sharpened and reinforced at the ends by a piece of lacquered steel.

Steel and wood, that are part of this chair, express both a powerful contrast and a common faceted design.

**Materials :**

Metal : Matt orange lacquered steel

Wood : Solid ebony from Mozambique

Fabrics : Brown leather - Tassin

Dimensions : W 60 x D 55 x H 85 cm
