DOLMEN COLLECTION | DF1G Chair

The DF1G chair is the result of our research, it was created as a support to the Dolmen table. Under its inspiration of organic lines, this chair recalls the nature of the Dolmen collection.

Its shell, with smooth lines, offers a reassuring and comfortable support. The robustness of its base brings a contrast to the soft light leather shell. In addition, our obsession of detail is revealed by the uniqueness and sophistication of the object.

Easily removable, the DF1G chair back, seat and color can easily be changed.
